

2012 QUESTIONNAIRE FOR CANDIDATES FOR NEW YORK STATE LEGISLATURE

Citizens Union would appreciate your response to the following questionnaire related to policy issues facing New York State and our interest in reforming state government. Responses to these questions will be one of several factors Citizens Union will use to evaluate candidates who are running for office in order to determine our "Preferred Candidates" for the September 13th Primary Election, and our "Endorsed Candidates" for the November 6th General Election.

If you seek our support, we would also need to schedule an interview with you as part of the evaluation process. We will not automatically schedule an interview with you if you return this questionnaire, as we prioritize competitive races and resources constrain us from evaluating all races. Please contact us if you wish to be interviewed.

We plan to make responses to this questionnaire public on our website, Voters Directory and other appropriate venues. We thank you very much for your response.

Please use the space provided or a separate sheet of paper to elaborate on your positions on the issues contained in the previous pages. You may also provide additional information on any actions that you have taken or plan to take to advance your positions on these issues.

I realize that Citizens Union has dedicated its work to reform. I support reform so that:

- government provides better service to all,
- there is a reduction in corruption and favoritism
- people restore their confidence in government
- potential candidates are encouraged to participate
- an effective, pervasive ethics reform is implemented

To achieve these goals, people have to be inspired to believe in their own power and take action to get the result they want. To that end, I do not think that a commission composed of "appointees" will operate with an independence and objectivity to draw redistricting lines. I think that history has shown that most appointees have been those who have been major contributors to elected officials and have been unduly influenced to act in the interests of those elected.

My record has shown that I have consistently supported those reform positions that benefit New Yorkers. I will continue to act in that manner, speaking on those issues and voting to represent what is best for improving our society.

Legislation, which I authored, is awaiting the Governor's signature. The Bill requires government agencies to report by zip code, where State funding has been allocated. This legislation will increase openness and highlight the pros and cons, or lack thereof, in the distribution of funds.

II. CAMPAIGN PROMISES MADE TO VOTERS (PAST AND CURRENT)

In addition to evaluating their stances on the issues above, Citizens Union will assess incumbents on how well they kept the promises they made to voters during the previous election.

As an elected official who is seeking re-election,

- what were the top five promises you made to your constituents when you ran for your current seat and what progress has been made in keeping those promises, and
- what are the top five promises you are making to the voters during this campaign?

We thank you very much for your response. Please feel free to use additional paper if the space provided is not sufficient.

TOP FIVE CAMPAIGN PROMISES FROM 2010 AND ACTION ON THEM

- Education. I continue to call for the State to follow the court decision re financial equity in allocating funds. (CFE lawsuit)
- Housing. I authored legislation which will keep Starrett City in the Mitchell-Lama, affordable housing program.
- Seniors. I have fought for funding for senior programs - assistance, NORC, senior centers.
- Living wage jobs. I have voted for an increase in minimum wage and I am vigorously opposed to Walmart coming to NYC.
- Health. I have actively been engaged in efforts and meetings to maintain services at Brookdale Hospital, which services my constituents.

- Education. Ending Mayoral Control
- Housing. Continue assisting the 100 families who are in foreclosure to keep their homes.
- Job Development. Continue to fight for job creation.
- Healthcare. Continue to oppose the Berger Commission Report that recommends closing hospital.
