### CAMPAIGN FINANCE REFORM

- |   |         |        |
|---|---------|--------|
| 6. What is your position on implementing "war chest" restrictions that would prohibit a candidate from transferring funds raised in a previous election cycle into a current campaign committee for a different office? | Support | Oppose |
|---|---------|--------|

7. What is your position on allowing campaign financing for ballot proposals? Support Oppose

**CITY COUNCIL REFORM**

8. What is your position on allowing Council committees to function more independently of the speaker than is presently the case? Support Oppose

c. Should committees be able to issue subpoenas by a vote of their members? Support Oppose

9. What is your position on:

b. making the job of councilmember a full-time position? Support Oppose

c. eliminating or limiting stipends for committee chairs and leadership positions? Support Oppose

11. What is your position on consolidating the current City Council committee structure and reducing the number of overall committees? Support Oppose

12. What is your position on term limits for elected officials? \* Support Oppose

see #14

14. What is your position on the recent extension of term limits for the city's elected officials to three consecutive four-year terms? Please explain your answer.

Support     Oppose

\* I oppose how the extension was completed. I would only support a referendum by the people to allow for a third term. Having the entire city council haul at the same time after 8 year shifts the balance of power back to the mayor.

**POLICY ISSUES OF IMPORTANCE**

Please state your position on the following issues by indicating whether you support or oppose each, where applicable. Please also use the space provided below each question or on a separate sheet of paper to elaborate on your positions on the questions which require a detailed answer. You may also provide additional information on any actions that you have taken or plan to take to advance your positions on these issues.

15. Knowing that the police department and commissioner retain ultimate authority for determining whether an officer is guilty and penalty, what is your position on transferring power to the Civilian Complaint Review Board to prosecute cases of police misconduct, such as force, abuse of authority, discourtesy, and offensive language?

Support     Oppose

16. What is your position on changing the current land use process under ULURP to increase the role of community-based planning?

Support     Oppose

17. What is your position regarding the creation of a Charter Revision Commission to review specifically the roles of the various offices of government and how well government has functioned since the 1988 and 1989 charter review commissions?

Support     Oppose

18. What is your position on reforming the current pension funding structure to create multiple tiers for future city government employees?

Support     Oppose

- a. In FY 2008-09, New York City spent \$12 billion on pensions and fringe benefits for City employees out of a total budget of \$62 billion. What would you do to address the growing pension costs borne by the city and New York City tax payers?

Greater accountability on all levels of local govt. & addressing the percentages contributed by each agency. The possibility of new tier systems

- 19. What is your position with respect to the City Council passing a resolution calling upon the State Legislature to establish a State Constitutional Convention?

Support

Oppose

- a. If support, what are the three most important areas that need improvement?

- No provision for succession regarding the Governor.  
 - Home rule for NYC.  
 - term limits.

- b. Do you believe that greater home rule should be granted to the City of New York? If so, in what areas should further sovereignty be given?

Absolutely. The state needs not give us the ability to pay off our own debt & have the ability to balance our own budget.

- 20. Taking into consideration the lessons learned from the debates surrounding congestion pricing and the Ravitch Commission's recommendations to provide the MTA with long-term funding, what would you propose to address the MTA's fiscal solvency issues and ensure that the burden for funding the MTA is equitably distributed among all stakeholders?

Our city has never received it's fair share. We should immediately pursue the reinstatement of the commuter use fee. Since 2001 we have lost over a half of billion every year.

21. What would you propose in terms of creating a greater role for the city council in determining and deciding the city budget?

A greater involvement by city council members & their respective committees.

22. What is your position regarding the City's past practice of using surplus tax revenues to pay down future health cost and pension obligations, and the decision not to do so this year?

Once again, the State should not allow us the right to pay off our own debt. The fund should be allowed to accumulate.

23. What is your view of how the taxes paid by New Yorkers compare to the value that is received in City services? Do you believe that taxes should be raised or lowered? To the extent you believe taxes should be changed, please provide specific proposals about what taxes you would raise and what services you would cut, if you didn't raise taxes, listed in order of greatest magnitude.

As a candidate for NYC Council, I am always asked what is the number one issue facing your district? The issue facing all of us is the economy. Strong leadership is needed, not more than ever, to face this crisis. To learn from our past mistakes by properly budgeting for the future is critical. A proper balance of taxes, between regressive taxes (property & sales tax) & progressive taxes (according to income tax) is sound policy!

24. Many policy advocates champion the creation of a more diversified economy, and one that is less reliant on Wall Street. What is your position on such a plan? If you support it, what would you do

Page 7 of 9

to diversify the city's economy? How would you adjust spending in New York City to accommodate the anticipated reduction in tax revenue as the tax base shifts to lower paying jobs?

We must continue to demand our fair share from Albany. The city sends over 14 billion more than we receive. State mandates on medical, pensions & the crash of wall street & the real estate market require that we establish alternate revenue streams.

25. What would you propose the Department of Education do to increase the ability for parents and teachers to become more meaningfully involved in the education system? What other positives changes can be made to the New York City public school system?

The creation of Comm. Educ. Councils, parent coordinators have been progressive steps, but more needs to be done. The DOE must provide increased funding, training & support to allow these initiatives to grow.

26. What would you propose to increase the transparency of the Board of Elections in the City of New York's operations and accountability to the city and its voters?

As we shift to new voting machines, an aggressive public education program is needed to familiarize all voters. Reaching out to busy poll workers with proper training & higher pay.

27. What would you propose to further enhance transparency regarding the relationships between council members, their families, and nonprofits that receive funding from New York City?

An outright ban on any contributions from council members to any groups that employ family members or former employees.
