You may also provide additional information on any actions that you have taken or plan to take to advance your positions on these issues.

15. Subject to negotiations w/ Labor Unions

- a. In FY 2008-09, New York City spent \$12 billion on pensions and fringe benefits for City employees out of a total budget of \$62 billion. What would you do to address the growing pension costs borne by the city and New York City tax payers?

negotiate a new tier w/ labor unions

- 19. What is your position with respect to the City Council passing a resolution calling upon the State Legislature to establish a State Constitutional Convention? Support Oppose

- a. If support, what are the three most important areas that need improvement?

Lt. Governor vacancies
Education Governance

- b. Do you believe that greater home rule should be granted to the City of New York? If so, in what areas should further sovereignty be given?

Yes. Housing + Education laws especially

- 20. Taking into consideration the lessons learned from the debates surrounding congestion pricing and the Ravitch Commission's recommendations to provide the MTA with long-term funding, what would you propose to address the MTA's fiscal solvency issues and ensure that the burden for funding the MTA is equitably distributed among all stakeholders?

I was the original proponent of the .33% payroll tax. This should solve the MTA's long term financial/capital situation. I believe the MTA should be audited/reformed from head to toe as well.

21. What would you propose in terms of creating a greater role for the city council in determining and deciding the city budget?

More transparency in the DOE budget
so that U/A are understandable
& measurable.

22. What is your position regarding the City's past practice of using surplus tax revenues to pay down future health cost and pension obligations, and the decision not to do so this year?

~~It should have~~
Trust fund monies should have been
used this year to eliminate the sales tax
increase.

23. What is your view of how the taxes paid by New Yorkers compare to the value that is received in City services? Do you believe that taxes should be raised or lowered? To the extent you believe taxes should be changed, please provide specific proposals about what taxes you would raise and what services you would cut, if you didn't raise taxes, listed in order of greatest magnitude.

Having sat for years on the Council's
budget negotiating team, I would
say this is an impossible question to
answer in a few sentences.

Generally, taxes should be lowered.
I proposed over a \$2 billion in budget
cuts for services that no one would miss
and energy & other efficiencies.

24. Many policy advocates champion the creation of a more diversified economy, and one that is less reliant on Wall Street. What is your position on such a plan? If you support it, what would you do to diversify the city's economy? How would you adjust spending in New York City to accommodate the anticipated reduction in tax revenue as the tax base shifts to lower paying jobs?

I support the concept but have to see the plan. Clearly, we need to move towards "green" jobs as this is an area of future economic opportunity.

25. What would you propose the Department of Education do to increase the ability for parents and teachers to become more meaningfully involved in the education system? What other positive changes can be made to the New York City public school system?

There needs to be a check & balance accountability, i.e. Municipal control not Mayor's control. Parents need to have a place to go to voice their opinions to make their participation meaningful. There's no reason to participate if it's not meaningful.

26. What would you propose to increase the transparency of the Board of Elections in the City of New York's operations and accountability to the city and its voters?

Do not really understand the question.

27. What would you propose to further enhance transparency regarding the relationships between council members, their families, and nonprofits that receive funding from New York City?

I disclose every conceivable appearance of "conflict" in writings.
