

2013 QUESTIONNAIRE FOR CANDIDATES FOR CITY COUNCIL

Citizens Union would appreciate your response to the following questions related to policy issues facing the City of New York that are of concern to Citizens Union and residents of the City. We plan to make public your responses to this questionnaire in our Voters Directory, on our website, and in other appropriate venues. Responses to these questions will be one of several factors Citizens Union will use to evaluate candidates who are running for office in order to determine our "Preferred Candidates" for the primary election and "Endorsed Candidates" for the general election.

If you seek our support, we would also need to schedule an interview with you as part of the evaluation process. We will not automatically schedule an interview with you if you return this questionnaire, as we prioritize competitive races and resources constrain us from evaluating all races. Please contact us if you wish to be interviewed. We thank you very much for your response.

Additional Comments:

The recent events that have taken place in Albany have made it clear that measures to ensure more transparency and accountability are essential at every level. In addition, we need to make the City Council more small-d democratic where the majority of the power is not in the hand of the Speaker. Nest year the Council will have an opportunity to elect a new Speaker. It should be possible for Members to negotiate with a new Speaker and choose one who has a more egalitarian approach that balances the power relationship between the Speaker an Councilmembers more fairly.
