

2012 QUESTIONNAIRE FOR CANDIDATES FOR NEW YORK STATE LEGISLATURE

Citizens Union would appreciate your response to the following questionnaire related to policy issues facing New York State and our interest in reforming state government. Responses to these questions will be one of several factors Citizens Union will use to evaluate candidates who are running for office in order to determine our "Preferred Candidates" for the September 13th Primary Election, and our "Endorsed Candidates" for the November 6th General Election.

If you seek our support, we would also need to schedule an interview with you as part of the evaluation process. We will not automatically schedule an interview with you if you return this questionnaire, as we prioritize competitive races and resources constrain us from evaluating all races. Please contact us if you wish to be interviewed.

We plan to make responses to this questionnaire public on our website, Voters Directory and other appropriate venues. We thank you very much for your response.

Please use the space provided or a separate sheet of paper to elaborate on your positions on the issues contained in the previous pages. You may also provide additional information on any actions that you have taken or plan to take to advance your positions on these issues.

1. All traffic penalties that are implemented by automated enforcement such as red light cameras, should require a referendum placed on the general election ballot. A proposal of its implementation must be delivered to every constituent at least 6 months prior to it being placed on the ballot.
2. Reduce Waste in NYS Medicaid spending by providing the NYS AG additional resources to investigate, enforce, + prosecute corrupt medical practitioners + suppliers. This would provide significant cost savings, encourage fair behavior + restore public trust.
3. Create a regional transportation Commission with the authority to mandate to NYS DOT to implement meaningful capital improvements based on need and regional toll collection revenue.
4. Commission a study on the long term sustainability of NYS pension liabilities allowing the legislature to better understand how to gain control of costs and preserve the benefits of state employees. The NYS Division of Budget needs to create an office of "Long Term Sustainability" and look actively at the ability of NY State to control costs. Studies should be published that outline the long term impacts on the NYS Budget. This would allow the legislature to proactively address the looming budget crisis.
5. All non-profits that receive public money, should be required to report the cause and effect relationship of receiving public funds. These reports should be available to the public via the web and overseen by the Dept. of State. The report must include the quantifiable benefits to the public. The mandate should include that all non profits who accept public funding be required to maintain a web presence with a direct link to the Dept of State to allow direct reporting of issues to the Dept of State in a timely and easy manner.
