

2012 QUESTIONNAIRE FOR CANDIDATES FOR NEW YORK STATE LEGISLATURE

Citizens Union would appreciate your response to the following questionnaire related to policy issues facing New York State and our interest in reforming state government. Responses to these questions will be one of several factors Citizens Union will use to evaluate candidates who are running for office in order to determine our "Preferred Candidates" for the September 13th Primary Election, and our "Endorsed Candidates" for the November 6th General Election.

If you seek our support, we would also need to schedule an interview with you as part of the evaluation process. We will not automatically schedule an interview with you if you return this questionnaire, as we prioritize competitive races and resources constrain us from evaluating all races. Please contact us if you wish to be interviewed.

We plan to make responses to this questionnaire public on our website, Voters Directory and other appropriate venues. We thank you very much for your response.

Please use the space provided or a separate sheet of paper to elaborate on your positions on the issues contained in the previous pages. You may also provide additional information on any actions that you have taken or plan to take to advance your positions on these issues.

Election reform is essential to the fluidity of democracy and I believe whole heartedly that the less red tape there is, the more power we can put back into the hands of the voters. The freedom to vote is among the most fundamental institutions our country was founded on, which is why I support election reform to the extent of amending the constitution.

Campaign finances have a tendency to make the common voter feel underrepresented in the democratic system and as a result we must promote transparency in the process. I believe that we should reform the campaign finance system to promote the individual to give and get involved while simultaneously limiting the presence of campaign contributions from LLC's, LLP's, and "soft money" contributions. We must also promote transparency to keep contributions honest through more stringent disclosure policies by candidates. The other necessity behind campaign finance reform is that it has paved the way for woman and people of color to permeate our states government creating a government that accurately depicts and represents our states very diverse constituents.

Our current nine trial court system does not allow litigants to obtain full relief in one court and engenders a highly delayed process. The system is also slow to react and largely bureaucratic, which is why I enthusiastically support the newly proposed two-tier structure, which provides a concrete process with which cases are assigned to the District Court or the Supreme Court.

We must demand the highest level of ethical and moral behavior from any and all elected officials who represent the views of their communities. I fully support giving the Attorney General the right to investigate and prosecute any cases linked to government corruption, especially anything that threatens the electoral system that is the crucial backbone of our democracy. I believe this high level of ethical culpability should not only extend to elected officials, but anyone put in a position to represent the public trust including public officers and legislatures, and if these people are found to be in violation of the ethical code that comes with the acceptance of their positions through the commitment of a felony they should be subject to the forfeit of their pensions.

In the uncertain economic times that we live in many of our states constituents will come to depend on the economic and social safety nets that have been provided for them, and the state must be ready to accommodate these needs. I support state budget reforms, most pertinently the creation of an independent budget office to help our public officials plan for the future and make sure that they will be able to be there for the people of New York State when they need it the most.

I. CAMPAIGN PROMISES MADE TO VOTERS

As a candidate who presently does not hold elected office, CU is interested in knowing your top five campaign promises or goals you are making to the voters during this campaign for this position.

If elected, Citizens Union will use these promises or goals to evaluate your performance while in office, as well as to evaluate your candidacy in the future.

We thank you very much for your response. Please feel free to use additional paper if the space provided is not sufficient.

1. To advocate for a progressive agenda that is anchored by a deep commitment to government reform and social justice
