

2012 QUESTIONNAIRE FOR CANDIDATES FOR NEW YORK STATE LEGISLATURE

Citizens Union would appreciate your response to the following questionnaire related to policy issues facing New York State and our interest in reforming state government. Responses to these questions will be one of several factors Citizens Union will use to evaluate candidates who are running for office in order to determine our "Preferred Candidates" for the September 13th Primary Election, and our "Endorsed Candidates" for the November 6th General Election.

If you seek our support, we would also need to schedule an interview with you as part of the evaluation process. We will not automatically schedule an interview with you if you return this questionnaire, as we prioritize competitive races and resources constrain us from evaluating all races. Please contact us if you wish to be interviewed.

We plan to make responses to this questionnaire public on our website, Voters Directory and other appropriate venues. We thank you very much for your response.

Statement of Juan D. Reyes

The fundamental reforms we need in state government begin with ballot access and strict term limits for all elected officials, legislative committee chairs, and floor leaders in both houses, including the Senate Majority Leader and Assembly Speaker.

We can debate the merits of four or five terms as a maximum; but there must be a limit to career politicians. With fewer than 3% of New York' officeholders losing re-election each year, it's time to force this reform, just as the appointment of judges was necessary to take politics out of the selection of jurists.

Free elections mean nothing if the average citizen cannot participate as a candidate, just as our nation's Founders envisioned. Reducing petition signature requirements from the current 5% to 1% would be a powerful start.

The consolidation of power in the hands of the Senate Majority Leader, Assembly Speaker, and their central staffs is a serious threat to democracy and good government.

Legislators who serve as committee chairs should be free to hire their own staff and hold hearings free of interference from the Speaker or Majority Leader.

New York's state legislature, while considered a part-time legislative body, is one of the most well-paid state legislatures in the nation. If it is going to remain a part-time legislative body, we need to curtail future legislative pay raises and increases in per diem expenses until they are more in line with that of part time legislators.

If our legislature will not curtail future pay raises, we need to consider them fulltime legislators and enact strict limitations on their outside income -- to eliminate conflicts of interest, and force them to focus on their day jobs as public officials, not as rainmakers for their special interest sugar daddies.

These political reforms, along with other budgetary and economic reforms are necessary if New York is ever to become the Empire State again.

Campaign Promises

I am prepared to fight for the reforms which I have outlined which will make this State great again.
