

2013 QUESTIONNAIRE FOR CANDIDATES FOR CITY COUNCIL

Citizens Union would appreciate your response to the following questions related to policy issues facing the City of New York that are of concern to Citizens Union and residents of the City. We plan to make public your responses to this questionnaire in our Voters Directory, on our website, and in other appropriate venues. Responses to these questions will be one of several factors Citizens Union will use to evaluate candidates who are running for office in order to determine our "Preferred Candidates" for the primary election and "Endorsed Candidates" for the general election.

If you seek our support, we would also need to schedule an interview with you as part of the evaluation process. We will not automatically schedule an interview with you if you return this questionnaire, as we prioritize competitive races and resources constrain us from evaluating all races. Please contact us if you wish to be interviewed. We thank you very much for your response.

II. CANDIDATE ACCOUNTABILITY QUESTIONNAIRE

Citizens Union is adding a new element to its evaluation of candidates running for office. As a candidate who presently does not hold elected office, CU is interested in knowing your top five campaign promises you are making to the voters during this campaign for this position.

If elected, Citizens Union will use these promises to evaluate your performance while in office, as well as, to evaluate your candidacy in the future.

We thank you very much for your response. Please feel free to use additional paper if the space provided is not sufficient.

TOP FIVE 2013 CAMPAIGN PROMISES

1. Fight to ensure that every child has access to a fully-funded high-quality education from Pre-K through high school
2. Protect existing affordable housing and create new programs to stimulate the creation of additional affordable units throughout the city including the ownership of affordable cooperatives and condominiums

3. Reform the tax system so that additional revenue need falls upon those most able to foot the bill not the most vulnerable.
4. Improving job quality and conditions for all workers- I commit to push to expand the living wage and guarantee the right to paid sick leave. At a point when many municipal employees are operating without contracts, our support for collective bargaining and fair contracts must be steadfast as we ensure workers are protected from unsafe conditions, are free from intimidation and that pathways to good jobs and training are available to all.
5. Work towards the creation of a “21st Century WPA for NYC”. By creating a public works program that stimulates investment in infrastructure to make NYC more resilient in the face of climate change, including storm-surge adaption, clean energy and below-grade infrastructure we will be creating a platform for economic growth and neighborhood stability.
