Citizens Union is a nonpartisan good government group dedicated to making democracy work for all New Yorkers.

Citizens Union, a civic watchdog that combats corruption and fights for political reform, works to ensure fair and open elections, honest and efficient government, and a civically-engaged public. We are New Yorkers from diverse backgrounds and political beliefs, connected to our communities and united in our commitment to put the city's long-term interest ahead of all special interests. Principled and pragmatic, Citizens Union is an independent force for constructive reform, driving policy and educating the public to achieve accountable government in the City and State of New York.
