11. What is your position on consolidating the current City Council committee structure and reducing the number of overall committees? Support Oppose

14. What is your position on the recent extension of term limits for the city's elected officials to three consecutive four-year terms? Please explain your answer.
- Support Oppose

I was in support of the City's recent extension of term limits for two main factors. 1) I believe that the people of this great City should never be deprived of an option when it comes to voting for their representatives. I have always believed that term limits is bad policy. 2) Although, I do believe that the decision to extend term limits would have been in the best circumstances be done by referendum, I had received over 3000 signatures from residents in the community asking me to vote in favor of the legislation.

POLICY ISSUES OF IMPORTANCE

Please state your position on the following issues by indicating whether you support or oppose each, where applicable. Please also use the space provided below each question or on a separate sheet of paper to elaborate on your positions on the questions which require a detailed answer. You may also provide additional information on any actions that you have taken or plan to take to advance your positions on these issues.

15. Knowing that the police department and commissioner retain ultimate authority for determining whether an officer is guilty and penalty, what is your position on transferring power to the Civilian Complaint Review Board to prosecute cases of police misconduct, such as force, abuse of authority, discourtesy, and offensive language?
- Support Oppose

16. What is your position on changing the current land use process under ULURP to increase the role of community-based planning?
- Support Oppose

17. What is your position regarding the creation of a Charter Revision Commission to review specifically the roles of the various offices of government and how well government has functioned since the 1988 and 1989 charter review commissions?
- Support Oppose

18. What is your position on reforming the current pension funding structure to create multiple tiers for future city government employees?
- Support Oppose

- a. In FY 2008-09, New York City spent \$12 billion on pensions and fringe benefits for City employees out of a total budget of \$62 billion. What would you do to address the growing pension costs borne by the city and New York City tax payers?

I would propose allowing local governments to amortize their payments: They would essentially borrow from the state to ease their payments now, and make interest payments later.

19. What is your position with respect to the City Council passing a resolution calling upon the State Legislature to establish a State Constitutional Convention?

Support

Oppose

- a. If support, what are the three most important areas that need improvement?

- 1) Campaign Finance Reform
- 2) The Process for State Budget Adoption
- 3) Rules & Ethics Reform

- b. Do you believe that greater home rule should be granted to the City of New York? If so, in what areas should further sovereignty be given?

Further Sovereignty should be given in:

- 1) Rent Regulatory Laws
- 2) Education Policy

20. Taking into consideration the lessons learned from the debates surrounding congestion pricing and the Ravitch Commission's recommendations to provide the MTA with long-term funding, what would you propose to address the MTA's fiscal solvency issues and ensure that the burden for funding the MTA is equitably distributed among all stakeholders?

I was a supporter of congestion pricing.

21. What would you propose in terms of creating a greater role for the city council in determining and deciding the city budget?

I believe the current system is ok. We just need more transparency.

22. What is your position regarding the City's past practice of using surplus tax revenues to pay down future health cost and pension obligations, and the decision not to do so this year?

I support the practice because I believe it's a responsible way of using surplus tax revenue. As it pertains to the decision not to do so this year, I believe that because of the difficult economic times, it was necessary to change direction in order to deal with what's present.

23. What is your view of how the taxes paid by New Yorkers compare to the value that is received in City services? Do you believe that taxes should be raised or lowered? To the extent you believe taxes should be changed, please provide specific proposals about what taxes you would raise and what services you would cut, if you didn't raise taxes, listed in order of greatest magnitude.

I think that services need to be improved. I do not support raising taxes in a recession, I believe that it's regressive to do so.

24. Many policy advocates champion the creation of a more diversified economy, and one that is less reliant on Wall Street. What is your position on such a plan? If you support it, what would you do to diversify the city's economy? How would you adjust spending in New York City to accommodate the anticipated reduction in tax revenue as the tax base shifts to lower paying jobs?

I support the notion of diversifying the economy.

25. What would you propose the Department of Education do to increase the ability for parents and teachers to become more meaningfully involved in the education system? What other positive changes can be made to the New York City public school system?

Parents should be more involved in the decision making process in our community schools. I believe that people support what they help create and if they feel like they are apart of the system they would be more likely to support it.

26. What would you propose to increase the transparency of the Board of Elections in the City of New York's operations and accountability to the city and its voters?

Remove the partisan structure and let it operate as an independent agency.

27. What would you propose to further enhance transparency regarding the relationships between council members, their families, and nonprofits that receive funding from New York City?

I believe the reforms in place are good, but I would further allow the conflicts of interest forms that must be filled out by members and organizations be posted on line.
