The change in term limits should have been asked of the voting public, especially since they had supported term limits in previous referenda.

**POLICY ISSUES OF IMPORTANCE**

Please state your position on the following issues by indicating whether you support or oppose each, where applicable. Support	Oppose
	UNSURE	

**THIS WOULD HAVE TO BE DONE CAREFULLY TO NOT POLITICIZE THE PROCESS**

--	----------------

17. What is your position regarding the creation of a Charter Revision Commission to review specifically the roles of the various offices of government and how well government has functioned since the 1988 and 1989 charter review commissions?	<b>Support</b>

- a. In FY 2008-09, New York City spent \$12 billion on pensions and fringe benefits for City employees out of a total budget of \$62 billion. What would you do to address the growing pension costs borne by the city and New York City tax payers?

---

This questions requires more research and thought than is possible in a questionnaire.

---

19. What is your position with respect to the City Council passing a resolution calling upon the State Legislature to establish a State Constitutional Convention?

**Support**

- a. If support, what are the three most important areas that need improvement?

---

Taxation, Education funding, Housing/rent stabilization/rent control/affordable housing

---

- b. Do you believe that greater home rule should be granted to the City of New York? If so, in what areas should further sovereignty be given?

---

same as above

---

20. ---

the MTA should be reformed to correct over burdened expense budgets and new revenue programs should be instituted, including a plan to derive revenue from vehicles that enter high congestion zones during peak times.

---

21. What would you propose in terms of creating a greater role for the city council in determining and deciding the city budget?

---

The City Council should be involved in the process of creating agency budgets not merely rubber stamping the mayor's pre-formed budget.

---

---

22. What is your position regarding the City's past practice of using surplus tax revenues to pay down future health cost and pension obligations, and the decision not to do so this year?

---

It is sound budget policy and should be done whenever possible.

---

23. What is your view of how the taxes paid by New Yorkers compare to the value that is received in City services? Do you believe that taxes should be raised or lowered? To the extent you believe taxes should be changed, please provide specific proposals about what taxes you would raise and what services you would cut, if you didn't raise taxes, listed in order of greatest magnitude.

---

New Yorkers pay higher taxes than most areas of the country, and although this is understandable in terms of the size and complexity of the city residents should be seeing a better return on their dollars in terms of education especially. THE City subsidized the rest of the state in terms of not receiving as much money back from the state as it gives in taxes. Our schools need better funding so that they provide the best possible education for our children.

would you do to diversify the city's economy? How would you adjust spending in New York City to accommodate the anticipated reduction in tax revenue as the tax base shifts to lower paying jobs?

A more diverse economy is a good goal for the city. The City should be creating programs to attract additional industries and putting resources into researching what industries would be profitable in this environment, as well as what infrastructure they would need to operate.
