

## 2014 QUESTIONNAIRE FOR CANDIDATES FOR NEW YORK STATE LEGISLATURE

---

Citizens Union appreciates your response to the following questionnaire related to policy issues facing New York State and our interest in reforming state government. **Please return the questionnaire to us as soon as possible, and no later than July 23<sup>rd</sup>.** Responses to these questions will be one of several factors Citizens Union uses to evaluate candidates running for office in order to determine our “Preferred Candidates” for the September 9<sup>th</sup> Primary Election, and our “Endorsed Candidates” for the November 4<sup>th</sup> General Election.

If you seek our support, we will also need to schedule an interview with you as part of the evaluation process. **We will not automatically schedule an interview with you if you return this questionnaire, as we prioritize competitive races and resources constrain us from evaluating all races. Please contact us if you wish to be interviewed and have not heard from us.**

We plan to make responses to this questionnaire public on our website, Voters Directory and other appropriate venues. We thank you very much for your response.

Please use the space provided or a separate sheet of paper to elaborate on your positions on the issues contained in the previous pages. You may also provide additional information on any actions that you have taken or plan to take to advance your positions on these issues.

When I ran in 2010 against Joanne Millman nobody even knew she was the Election Law Chairperson. When we were done educating the public via op-eds, debates and literature about the arcane law and that she didn't hold meetings, she was quietly removed from the chair after the election.

Frankly the list is endless about good government issues we addressed in my previous campaigns and educated the public via forums, op-eds, literature, press releases and during debates. We have been a very dynamic and robust campaign force in terms of engaging citizenry for good government.

Now we're gonna talk about the dark money and gaming the campaign finance system by skirting the law with dark money, mega-consultants and lobbyists in the Mayor's office, now our local primary for Assembly, and the WFP. We're gonna talk about the Wal-martization of and take-over of local campaigns by the WFP. We're gonna talk about the other machines hand picking their replacements – i.e. the permanent government as Jack Newfield called it a generation ago. We're gonna educate the public and we need you and other good government groups to support us in our fight about anyone or any party that skirts the campaign finance system in their power grab.

Our primary goal is to return the power and representation to the voters in this district and take it back from the super organized political machines that play loose and dangerous with the campaign finance law and dark money yet have no power to save LICH no matter their campaign promises. We say no more.

What's happening to our politics is terrible and dangerous. When hospitals close, people – loved ones – die.

## II. CAMPAIGN PROMISES MADE TO VOTERS (PAST AND CURRENT)

As a candidate who presently does not hold elected office, CU is interested in knowing your top five campaign promises you are making to the voters during this campaign for this position.

If elected, Citizens Union will use these promises to evaluate your performance while in office, as well as, to evaluate your candidacy in the future.

We thank you very much for your response. Please feel free to use additional paper if the space provided is not sufficient.

### TOP FIVE 2014 CAMPAIGN PROMISES OR GOALS

1. \_\_\_\_\_ Return the power of governing back to the neighborhoods \_\_\_\_\_
2. Reform Election Law... no seriously, to date I'm the only Brooklyn candidate to ever do an op-ed about it.
3. Really fight to save LICH by getting US Attorney Loretta Lynn to investigate as opposed to asking the state to investigate itself
4. Fight to save the Brooklyn Heights Business Library and no Condos in Park
5. Get schools what they need when they need it, and other vital infrastructure, especially to catch up with the extreme growth and density increases.
