30. Last year, Citizens Union helped craft and push for the enactment of a law that placed political contribution limits and disclosure requirements on nonprofits that are formed by, or affiliated with, elected officials, which helped prevent some significant features of an emerging “pay-to-play” culture in New York City. Do you have any other ideas to further limit such a culture and create a better environment where contributions, either personal or political do not unduly influence the actions of elected officials?

My campaign has been funded by grassroots support from the beginning, and it is pivotal that our leaders are only accountable to the people they represent. One of the main ways we can continue to create a better political environment is to make it easier for constituents to contribute to their leaders.

Please use the space provided or a separate sheet of paper to elaborate on your positions on the issues contained in the previous pages. You may also provide additional information on any actions that you have taken or plan to take to advance your positions on these issues.

II. CAMPAIGN PROMISES MADE TO VOTERS

As a candidate who presently does not hold elected office, what are your top five campaign promises you are making to the voters during this campaign for this position.

If elected, Citizens Union will use these promises to evaluate your performance while in office, as well as to evaluate your candidacy in the future.

Please feel free to use additional paper if the space provided is not sufficient, and to affix additional information such as a résumé, campaign brochure, or issue statements. We thank you very much for your response.

TOP FIVE 2017 CAMPAIGN PROMISES OR GOALS

1. Public Safety is the #1 issue in Council District 18. Though crime is historically low, one shooting is one too many and there is still more work to be done. I will continue to work with both the community and the NYPD 43rd Pct to call for an end to gun violence, by working to build stronger police-community relations with the Neighborhood Coordination Officers (NCOs) program, fight for much needed security cameras for our NYCHA campuses, and fight for more summer youth jobs and after school programs so our youth can have greater access to opportunities.

2. I am proud to be a 100% product of public schools, including PS 47 right here in District 18, and understands that a great K-12 public school education provides a pillar of success for working families. I am a product of a 21st Century vocational education at Aviation High School and I will work hard to ensure our public schools have greater resources and common sense reforms so that every child can achieve their God-given potential.

3. Thanks to Mayor de Blasio, the first-in-the-Bronx ferry service is coming to District 18, and I will continue to work with the community to ensure the implementation of the Ferry to our community is designed with community input in mind. I will also work with advocacy groups like Riders Alliance and Transportation Alternatives to empower district residents to have a say in the long-term campaign for more efficient and safer public transit.

4. Small businesses are the backbone of this district. If elected to the City Council, I will work with the NYC Department of Small Business Services to formalize merchant associations and/or BIDs to strengthen businesses along the Westchester Avenue and Castle Hill Avenue corridors.

5. I am no stranger to public housing residents, having served alongside local community leader Minister Kwame Thompson as an After School Group Leader mentoring teens at as part of the Phipps Cornerstone Community Program at Soundview Houses. As your Council Member, I will fight for more educational and afterschool programming and much needed security cameras across the 5 NYCHA campuses that call District 18 home.

III. ETHICAL REPRESENTATION OF CONSTITUENTS

Citizens Union believes that all New Yorkers deserve to be represented by officials who work for the public interest and honor public trust. With the corruption conviction of recent state legislative leaders, we seek to endorse a candidate who will demonstrate that she/he will honor the full commitment of the oath of office, and will always represent the public interest above all else.

Please tell us how you have and would continue to conduct the political affairs of this office in an upright manner, and restore the public trust in your district.

~~I am a major advocate for government transparency, and community involvement. I believe it is most important to involve those most affected by decisions into the decision-making process. During my career at the Mayor's office, I worked with community leaders, residents, and officials to ensure that all decisions being made were the right ones for the Bronx. If elected, I will continue my work with as much transparency as possible. My platform is about talking with the groups most strongly affected by legislation, to come to an understanding that solves problems, and does not create more.~~
